MEMORANDUM FOR THE RECORD

SUBJECT: Concurrence in Definitive Contract No. LB-6504
with The Perkin-Elmer Corporation, Norwalk,
Connecticut, Project [redacted] 25X1A

1. This memorandum contains a recommendation submitted for approval of the Project Director. Such recommendation is set forth in paragraph 5.

2. Due to the nonexistence of a contractual relationship between The Perkin-Elmer Corporation and the Office of Logistics the Project Director authorized the Project Contracting Officer in May 1956 to enter into contract No. BL-4056. This contract with The Perkin-Elmer Corporation provided for a feasibility study to determine the equipment requirements for an Airborne Night Photo Reconnaissance System, responsibility for development of which has been assigned to the Agency's [redacted] by the DD/P Material Board. 25X1A

3. The Chief, [redacted] memorandum dated 12 February 1957, attached hereto, has requested that The Perkin-Elmer Corporation contract be extended to include a study of a covert illumination system for the Interim Photographic System. Contract No. BL 40-56 obligated Fiscal Year 1956 funds and was completed by the contractor and reimbursement has been effected. Therefore, Contract No. LB-6504 has been prepared to cover the required study rather than extend a complete contract as requested. Also, as of this time contractual relationship has not been established between the Contractor and the Office of Logistics.

4. Funds in the amount of \$1383.00 chargeable to Fiscal Year 1957 Allotment No. 7-2502-10 have been made available for this procurement and have been transferred to Project Aquatone, Obligation Reference No. 1537. The total fixed price for this procurement is \$1383.00.
